

- **Community Development Block Grant:** The City was awarded an estimated \$44,000 through the Community Development and Block Grant Application to construct ADA accessible restroom facilities in South Central Park. The restrooms that will be addressed during fiscal year 2013 will be the facilities off of the main concession stand. Work is tentatively scheduled for September 2.
- **Youth Fee Assistance Program:** I would like to announce that the Department of Parks and Recreation and North Ridgeville Kiwanis has entered into a partnership. NR Kiwanis will be the financial catalyst for our Youth Fee Assistance Program. This program will now give families in North Ridgeville that may be struggling financially an opportunity to apply for funding to enroll their son or daughter in one of our quality programs.
- **Independence Day Celebration:** The City of North Ridgeville Independence Day Celebration will return to South Central Park this year. With the help of the Thibo Family we were able to secure the additional space and distance to support the firework show our residents have become accustomed to.

UPCOMING / CONCLUDED PROGRAMS: PROGRAM SUPERVISOR REPORT

Program: Summer Adventure Camp

Registration: Monday, May 1st

Description:

Our camp is six (6) weeks in length and each week is a different theme. Our camp provides children with opportunities to make new friends, play games, activities, art projects and enjoy our splash pad.

Program: Cuckoo Loco Yoga with Jennie

Day: Thursdays starting in May

Time: 5:30-6:15PM

Ages: 4 - 10

Description:

A yoga program designed for kids to promote health and build strength and flexibility. Yoga can help your child enhance concentration skills, release stress, and improve their overall well being. This class will be playful, relaxed and most importantly fun!

Program: PiYo™ with Dawn

Day: Mondays starting in May

Time: 7:30-8:30PM

Ages: 15 and Up

Description:

Is a fusion workout based on the principals of Yoga and Pilates. It is a low impact, yet high energy workout that will improve your balance, strength and flexibility.
