A. Mayor: Mayor Corcoran requested that City Council consider passing T 110-2020 with the emergency this evening which is an ordinance authorizing the City to enter into contract for crack sealing. He noted he would like to move forward with the project before winter. Mayor Corcoran also requested that T 111-2020 be passed with the emergency which is a resolution to submit an application to participate in the Ohio Public Works Commission State Capital Improvement and Local Transportation Improvement Programs. The deadline to apply to OPWC is November 6.

Lorain County Public Health released their flu shot clinic schedule for November. They will offer no-cost flu shots at four community clinics and at their office. To schedule an in-office appointment with Lorain County Public Health, please call 440-284-3206. Visit www.nridgeville.org for the list of dates and locations for the walk-in and drive-thru clinics.

If you would like to purchase tickets for this event, please stop by the Mayor's office at City Hall. Cash or checks payable to North Ridgeville Senior Center will be accepted. Mayor Corcoran thanked the North Ridgeville VFW Post #9871 for sponsoring the event.

FIRST READINGS:

Ordinance and Resolution submittal(s)

Clerk of Council Linden:

T 109-2020 AN ORDINANCE AUTHORIZING THE MAYOR OF THE CITY OF NORTH RIDGEVILLE TO ENTER INTO A MEMORANDUM OF UNDERSTANDING WITH THE CITIES OF AVON, AVON LAKE, SHEFFIELD LAKE AND SHEFFIELD VILLAGE FOR A 5-CITY RADIO SYSTEM.

(Introduced by Mayor Corcoran)

Mayor Corcoran stated he put this legislation on the agenda as a holder in order to give it three readings. Currently the five cities are in discussion of moving forward on the project, but they are waiting on the grant information to come out. One city is reviewing if they can move forward due to finances. Mayor Corcoran stated if the City waits until next year, the cost will go up. He stated he would keep Council abreast as the information changes. Mayor Corcoran stated the memorandum attached has been amended since the last time this legislation came before Council. He added that the grant information will play an impact financially on the project. The City appropriated \$140,000 on the project and the project is at \$153,000 right now. Additional money will need to be appropriated. However, if only four cities go forward with the project, Council would need to appropriate an additional \$38,000. If the City waits until next year with all five cities, it would be another \$23,000 and if it is only four cities, it would be a total of \$220,000 per city. He added this system is necessary and some other cities do have radio issues that need addressed anyway. Mayor Corcoran stated the pandemic has impacted cities financially.

President DeVries asked what the importance of this system is.

Mayor Corcoran stated it would allow all of police, fire and the service department on the same system. Regionally, it would allow the City to communicate with all of the other cities as frequencies rather than bands. In some instances runners need to be used instead of radios. He noted that the tennis club fire involved a lot of different communities and this would eliminate the communication problems.
