MINUTES - Corrections (if any) and approval:

President Corcoran noted that Council received the Planning Commission meeting minutes of September 10, 2019.

LOBBY:

President Corcoran opened the lobby session and stated there would be one lobby session this evening.

He asked anyone that would like to speak to come to the podium and state their name and address for the record. He further added each person will be given three minutes to speak. He requested anyone that wished to speak to fill out a lobby sheet located in the back of the room.

Albert Krage, 37903 Sugar Ridge Road: stated there is no help with the truck traffic in his neighborhood. He noted there are regular trucks that still come down Sugar Ridge Road. He noted the residents are handling the truck issue rather than the civil servants. He also noted Case Road is receiving truck traffic as well. He noted the average speed on Sugar Ridge Road is 50-60 miles per hour. He felt there was no police presence.

Ed Faircheck, Pine Ridge Mobile Home Park, 6610 Lear Nagle Road, #264: stated he lives in the mobile home park in which it has been sold to a new company. He indicated all the fees are

going up and they will be charging for water, sewer and trash. He stated many people cannot afford these increased costs. They have not signed a new lease. The new owners stated they will be back collecting on trash and water, but there are no meters to determine usage. He stated the new company wants to put in new lighting, new gardens and a sports complex. He asked for help as they don't need these things as seniors. Mr. Faircheck stated he did hear from Mr. Gibbs.

Moved by Boose and seconded by DeVries to give Mr. Faircheck up to an additional three minutes to speak.

A voice vote was taken and the motion carried.

Mr. Faircheck stated the previous company did not provide wheelchair access or repair roads. It was promised but it never happened. The new company is increasing rent as well. He noted he cannot afford a home. He asked why the water and trash are not billed through the City.

Steve McDonald, Pine Ridge Mobile Home Park, 6610 Lear Nagle Road: stated he is Ed's neighbor and wanted to add that during the month of August the new company terminated the old lease and asked them to sign a new lease. No notice was given. They increased the rent \$10.00 before signing a new lease. Management stated the old lease is in place for one more year. Management stated they would be back billed for services but it is not on the new lease. He asked if it comes to the City for a decision.

President Corcoran stated there are multiple issues and it sounds like they need legal help. He was not sure if there were ADA compliance issues that the City could assist with.

Assistant Engineer Eavenson stated any new construction should follow ADA compliance. She stated she would need to consult with Guy in the Building Department. If it is an existing condition, it is grandfathered in.

Mayor Gillock stated most of these are civil issues. The Lorain County Department of Health oversees mobile home parks.

Safety-Service Director Armbruster stated there is a master meter at the bottom of the street. He noted no one has contacted the City regarding water or the meter. He also noted the streets in the mobile home park are private and the City does not maintain them. He suggested that he get an attorney as many of the issues raised are civil matters.

President Corcoran stated he would speak to the gentlemen after the meeting.

ADMINISTRATORS REPORTS:

A. Mayor: Mayor Gillock requested that T 97-2019 which is an ordinance authorizing the disposal of vehicles and equipment no longer needed for municipal purposes be adopted with the emergency this evening in order to send the vehicles to auction before the winter months. B. Safety-Service Director: Safety-Service Director Armbruster apologized on behalf of the delays created by Windstream for the widening of Center Ridge. He noted that from the north side of Center Ridge from Ranger Way to Main will be completed with curb and gutter and the asphalt. Traffic will be on south side of Center Ridge Road through the winter season. There has been activity to the west on Center Ridge. They will be completing the south side for less chaos at the 83 intersection. There are still temporary poles for Windstream across the street

from St. Peter's Church. This is a work around to work on the bridge. The bridge crew will be on Root Road. The plan is to have the road open in late October or early November. Safety-Service Director Armbruster stated the City is working very hard to get the job done and empathized with the difficulties the businesses were experiencing. He hoped the project will be done by 2020.

C. Assistant Engineer: Assistant Engineer Eavenson stated in regard to the Mildred Street Extension Project - it was determined some stabilization measures were needed. After curing, paving should occur next week. It is expected to be complete by October.

The Westfield Plant Decommission Project had 21 feet of underground sewer completed. The pavement milling was completed. The outstanding sanitary lateral work will be completed. Once complete the apron at Waterbury will be replaced and then asphaltting will occur. The project should be complete in the next two weeks.

The Race Road paving from the north side of the railroad tracks to Center Ridge Road has been postponed until Sugar Ridge Road paving is complete. It is scheduled to begin September 30.

Safety-Service Director Armbruster made a correction – the east end of Center Ridge will be complete in 2020. The rest will happen in 2021, hopefully.
